Explanatory Memorandum to the Municipal Allocations set out in Schedules 3, 4, 6 and 7

This *Gazette* is published in terms of the 2008 Division of Revenue Act (Act No. 2 of 2008) and provides information on additional allocations and adjustments to existing allocations to municipalities in the 2008/09 national financial year.

This is necessitated by the need to allocate funds that have been rolled over in terms of Section 28 of the 2007 Division of Revenue Act (Act No. 1 of 2007) and the need to allocate additional funds to municipalities, as approved in terms of the 2008 Adjustments Appropriation Act (Act No. 40 of 2008). It is also necessitated by the need to re-allocate funds in terms of Section 27 of the 2008 Division of Revenue Act (Act No. 2 of 2008).

This *Gazette* therefore updates information that was originally published in *Government Gazettes* No. 30 940 of 01 April 2008 and No. 30 978 of 14 April 2008. The introductory information provided in the former gazettes thus applies equally to this *Gazette*, and is not repeated here.

This notice affects the following grant programmes:

- a) Water Services Operating and Transfer Subsidy (Augmentation to the Water Trading Account) grant:
 - In compliance with Section 21 of the 2008 Division of Revenue Act (Act No. 2 of 2008), the national Department of Water Affairs and Forestry technically move allocations to the value of R18.9 million, from Schedule 7 to Schedule 6, following the finalisation of transfer agreements with certain municipalities.
 - A further amount of R183.7 million was added to the Water Services Operating and Transfer Subsidy grant as an addition to the baseline.
- b) Two new grants are introduced in the mid-year adjustments appropriation budget:
 - R17.3 million for the Internally Displaced People Management grant. The grant aims to provide funding to City of Cape Town for the costs incurred in the management of temporary shelters for displaced foreign nationals. The grant will be administered by the national Department of Provincial and Local Government; and
 - An amount of R8.9 million for the Rural Transport grant. The grant will be administered by the national Department of Transport.
- c) The national Department of Water Affairs and Forestry shift funds between municipalities for the Backlogs in Water and Sanitation at Clinics and Schools grant (in-kind allocation). The department is making amendments to the allocations as published in *Government Gazette* No. 30 978 of 14 April 2008 for Schedule 7 grants.
- d) The national Department of Minerals and Energy shift funds between municipalities for the Backlogs in the Electrification of Clinics and Schools grant (in-kind

allocation). The department is making amendments to the allocations as published in *Government Gazette* No. 30 978 of 14 April 2008 for Schedule 7 grants.

- e) The allocation of R10 million unallocated funds under the Local Government Finance Management grant is now allocated.
- f) Municipal Drought Relief grant: Roll-over of R9 million from the 2007/08 to 2008/09 financial year.
- g) The national Department of Minerals and Energy and Eskom are re-allocating funds between municipalities, under the National Electrification Programme. Slow spending by municipalities and unavailability of houses to electrify was the main reason for the decision to re-allocate between municipalities.
- h) R721.8 million is provided through the disaster relief funding to be administered by the national Department of Provincial and Local Government. The grant is gazetted as part of the Municipal Infrastructure Grant programme.
- i) The 2010 FIFA World Cup Stadiums Development grant, administered by the national Department of Sport and Recreation South Africa, is increased by an additional amount of R1.4 billion.
- j) The Neighbourhood Development Partnership grant administered by the National Treasury is reduced to R374 million due to requests to have it downsized in the mid-year review process. The amount reduced covers both the capital and the technical portion of the programme. This reduction translates into a stopping and re-allocation of funds in terms of Sections 25 and 26 of the 2008 Division of Revenue Act (Act No. 2 of 2008).
- k) An additional amount of R671 million is available through the equitable share. This additional funding seeks to compensate the municipalities on the impact of the additional increase in Eskom's 2008/09 electricity bulk tariffs and for time lags in implementing the additional electricity bulk price increases for the 2008/09 financial year.

NB: Municipalities are requested to effect adjustments to their projections of grant income from these programmes accordingly, through the passing of a municipal adjustments budget.

Notes:

*NDPG in-kind contributions to plan for capital investment in under-developed areas.
Municipalities to ensure project readiness and compliance with DoRA. Comprehensive and integrated planning aspects to be addressed.
Benefiting municipalities as reflected in the table does not imply direct transfers. This is a grant-in-kind and associated transfers are subject to agreements per project.
The funding indicated per municipality may reflect more than one project to be planned and/or implemented.
Funds allocated reflect first phase projects. Due to lengthy lead times for planning and lack of implementation readiness many project funds have been earmarked to address implementation readiness.
The 2008/09 and 2009/10 allocations are subject to the outcome of project planning processes.*

Notes:

NDPG in-kind contributions to plan for capital investment in under-developed areas.

Municipalities to ensure project readiness and compliance with DaRA. Comprehensive and integrated planning aspects to be addressed.

Benefiting municipalities as reflected in the table does not imply direct transfers. This is a grant-in-kind and associated transfers are subject to agreements per project.

The funding indicated per municipality may reflect more than one project to be planned and/or implemented.

Funds allocated reflect first phase projects. Due to lengthy lead times for planning and lack of implementation readiness many project funds have been earmarked to address implementation readiness.

The 2008/09 and 2009/10 allocations are subject to the outcome of project planning processes.
