HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works (GPW)*.

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as @gpw.gov.za

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at [_____](#)
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

To give effect to section 120(3) of the Constitution which provides that a Provincial Act must provide for a procedure to amend money Bills before the Provincial Legislature. The Bill intends to empower the legislature to be an active and effective participant in the budget process. Legislative oversight is nowhere important than over the budget.

The Committee will further report and make recommendations to the House on the overall budget allocation and on amendment of Money Bills.

The Committee must consider Money Bills referred to it, investigate and report on issues that are referred to it or on its own initiative. It may also hear evidence presented to it or call for any person to give evidence. It must hold public hearings and consider submissions from the public and it must exercise powers granted to it by the Constitution and any other relevant legislation.

2.2.7 **Clause 7**

The Constitution in terms of section 120(1)(b) provides that money Bills also refers to provincial taxes, levies, duties or surcharges, this clause expressly gives Provinces powers to impose taxes. However the current practice has shown that MEC responsible for financial matters does not often make it a known practice to propose provincial revenue Bills which deals with Provincial taxes.

amendment to transfer payments, recurrent and capital expenditure of a vote or a main division within a vote. This must be done by also taking into account the reports by Committee on annually budgetary review and recommendation to Departments or any other report adopted by the House.

The following periods are considered when considering the Provincial Adjustment Appropriation Bill, the committee has 2 weeks to report to the House where there is no-compliance when amending the Bill. The MEC has 5 days to respond to any proposed amendments to the Bill. The Budget Committee must within 30 days after tabling the Bill report to the House on any amendments to the Bill.

2.2.14 **Clause 14**

This clause deals with amendments proposed by the MEC responsible for financial matters on Money Bills and only where there are technical errors on the Bill that warrants an amendment.

This clause deals with the establishment of a Provincial Budget Unit within the legislature. The PLBU will assist the Legislature committees particularly the Budget Committee by providing non-partisan, high quality and independent technical analysis on any other issue that relate to the provincial budget. It is advisable to appoint personnel within the PLBU that have expertise in areas of economics, policy analysis, finance and statistic to be able to execute the work they are required to do. The PLBU needs to be carefully natured so that it can play a credible supporting role by -

- (a) annually providing reviews and analysis of the documentation tabled in the Provincial Legislature by the MEC in terms of this Act;
- (b) monitoring and synthesizing matters and reports tabled and adopted in a House with budgetary implications, with particular emphasis on reports by other committees;
- (c) Keeping abreast of policy debates and developments in key expenditure and revenue areas;
- (d) monitoring and reporting on potential unfunded mandates arising out of legislative, policy or budgetary proposals;
- (e) cost the impact of proposed and approved legislative amendments and investigate medium term patterns; and

- (e) undertaking any other work deemed necessary by the General Manager to support the implementation of this Act.

2.2.16 **Clause 16**

3 Financial Implications

The implementation of the Bill will necessitate the Eastern Cape Provincial Legislature to request more funding from Treasury to cover costs associated with establishing the Provincial Legislature Budget Unit, the Budget Committee and other related matters that may arise.
