HUMAN SCIENCES RESEARCH COUNCIL (HSRC)

The Human Sciences Research Council (HSRC) was commissioned by the Department of Labour to evaluate their learnership system. The Department of Labour wants to determine the efficiency and impact of the learnership system during the National Skills Development Strategy Phase 2.

The methodology includes a 15 minute telephonic interview with learners with the following status:

- Registered on learnerships;
- Completed learnerships; or
- Discontinued learnerships.

A sample frame of about 32 000 learners with contact details (telephone numbers) will be provided by the HSRC and the target is to realize about 8 000 interviews successfully.

The HSRC will develop an electronic questionnaire with closed questions in MS Access that will be used by the interviewers to conduct the interviews. The HSRC will draw and provide a random sample of learners. A proportion of the interviews will have to be conducted after hours. The interviews need to be conducted from 1 June 2007 to 31 July 2007. The HSRC will analyse the captured data.

The following requirements are important:

- Experience of working in and understanding the skills development and learnership environment.
- Availability of interviewers who can speak more than one of the South African languages covering English, isiZulu, seSotho and Afrikaans.

You are kindly invited to provide a quote for the above services.

Quotes should show (1) fixed costs and (2) cost per interview.
